WR6AII

# SCOPE

VOL. XV, NO. 11

THE PALOMAR AMATEUR RADIO CLUB
P.O. BOX 1603
VISTA, CA 92083

NOVEMBER, 1980

---

PRESIDENT: Charley Gibbs, WB6ZJZ, Oceanside
VICE PRESIDENT: Frank Tipton, WA6HPP, Vista
SECRETARY: Emily Wolfe, WA6ZKC, Solana Beach
TREA$URER: Jim Church, K6$LA, Vi$ta

---

Membership in the Palomar Amateur Radio Club is $7.50 per year, with no time off for behaviour - good or bad, and no initiation fee. Family memberships are $7.50 for the first family member and $5 for each subsequent member living at the same address. The club membership year is from the 1st of August to the 31st of July. For your $7.50 you not only become a club member, you get SCOPE for the entire year, ready or not. If you just want the SCOPE without the club membership (there are a few crazies who do!), it will cost you $2.50 per year (extra if we mail it to you in plain brown wrapper or under separate cover of night). Make your checks payable to the Palomar Amateur Radio Club and get them to Jim Church at the P.O. Box address above, or just slip it to him at the club meeting. Jim will be underwhelmed and rush right off into the night to tell the Gint Computor that you've enlisted or reenlisted, whichever comes first.

---

The Palomar Amateur Radio Club owns and operates WR6AII, a 2M FM repeater with an input frequency of 146.130 mHz and an output of 146.730 mHz located about 5,600 feet up on Mount Palomar; and a UHF repeater with an input frequency of 444.424 mHz and an output of 449.425 mHz located on Half Dome, between Vista and San Marcos.

John Kuivinen, WB6IQS, is the club's Repeater Committee Chairman. He reminds us that the repeater, when operating on emergency battery power, has 127.5 Hz tone with 1 kHz deviation on its output. If you hear this tone, reduce operations on the repeater to conserve the battery and let others, who may not have heard the tone, know about the need to reduce operations. John says that he's still looking for the selfsupporting tower of 40'-50' in height to get the repeater antennae above the trees. If you know of one at a very reasonable price, call John at 724-8380 or grab him on the repeater.

Co-located with WR6AII on Mount Palomar is WD6HFR, an open, carrier-operated 220 mHz repeater belonging to the 220 Club of San Diego. The 220 Club kindly extends operating privileges on WD6HFR to PARC members. The input frequency is 223.300 mHz and the output is 224.900 mHz.

---

The November club meeting will probably take place on Wednesday the 5th at 7:30 p.m. in the community room at Glendale Federal Savings and Loan at the corner of Anza an East Vista Way on the inskirts of Vista, without fail. We haven't yet heard what the program will be since we're going to press early to beat the Christmas rush, but part of the evening will, no doubt, consist of the report of the Nominating Committee and who it has ~~fingered~~ selected for your club officers for the coming year. Come on out and help elect your favorites - and bring a grab bag for the prize table.

---

The club's Executive Committee meets almost every second Thursday of the month at Sambo's on Broadway in Vista. Interested club members are welcome to attend and observe.

---

You must "sign in" at each club function to receive attendance credit for which you will later receive a picnic drawing ticket for each attendance.

---

We're now mailing over 260 copies of SCOPE, and our club membership is close to 250.

---

Yes, this month you get the club roster we were forced to cancel last month so we could carry the Post Office's required Statement of Ownership.

---

Later: The program for the November meeting will be presented by Captain Van Meter of the California Department of Forestry. He will tell us about the new state funds supported Volunteers in Prevention and will show us a film on forestry patrolling.

---

Our Pres sez that he's looking for a new Refreshment Committee Chairman and a new Prize Committee Chairman. A Christmas Part Chairman is also required. If you're available to do any of these jobs for the club, call or talk to Charley, WB6ZJZ.

---

OCTOBER EXECUTIVE COMMITTEE: Decided that there would be a Christmas Part - details at the November club meeting.

---

Our Pres also says that there is an excellent chance that we will again be having a flea market. Details at the November meeting.

Additionally he says that the Oceanside City Council upped the ante on the antenna tower height limit from the 60' recommended by the planners to 75', and that variances for heights above that may be obtained with no charge. Several club members are known to have communicated with the Mayor and the Council.

---

Our 2M repeater is back on frequency again (the receiver) after the changing of a channel element which had moved off frequency twice , making the machine difficult to access from marginal locations. Bob, W6NZX, did the job with Charley, WB6JZJ, and Bob, WA6QQQ, along for the ride.

---

FORESAIL:
Swan FM-2X w/2 simplex and 7 repeater channels crystalled. Call Frank, N6AT, at 728-8003 and make him an offer.

Beam antennas: a 203BA 20M, $50; and a Kirk helicoidal 15M, $65; and TR-3 10-15-20M, $89. Call Will, W2FWV, at 436-3277.

Atlas 180 160M-20M scvr w/noise blanker and mobile mount. Swan FM-2X 2M FM xcvr w/AC supply and a batch of xtals. Call Herb, WB6SVN at 722-2803.

---

Congratulations to Eric, W6ZMX, and Bob, WB6OZT, both of whom have recently passed the Extra Class examination.

---

Condensed ARRL Bulletins of interest courtesy of N6AT:
Bulletin 95 of September 19 indicated that effective Sep. 28 the FCC changes its cw tests to the completion type vice the multiple choice. All tests will consist of a typical QSO followed by ten questions with 70% being the passing grade.

Bulletin 99 of September 30 said that the FCC has proposed eliminating the commercial First Class Radiotelephone Operator License in General Docket 20817.

Bulletin 100 of September 30 said that CD Form 258 has been created to encourage more repeater groups to submit info for the Repeater Log in QST. A s.a.s.e. will get you your supply from ARRL

---

We hear that Hal, K6UZ, is in the hospital, but haven't heard the reason for it. Hope you're well soon.

---

The latest roster of the Palomar Amateur Radio Club follows thanks to the Gint Computor and Phil, K6ROR. It's a real fine production and has a batch of info in a small space. It is really three rosters since it includes a call sign to name section, a call sign to location section and a name, and address/telephone number, location section - all in three and one-half pages.

---

Join or rejoin the ARRL through the club and the club will get $1½ which would otherwise go to Gnuington. Make your check for $16 payable to the PARC and get it to Jim Church along with your renewal sheet and Jim will take it from there. Do it.

---
